Profile

Motivated and enthusiastic computer science student with a strong passion for development and problem solving. Currently seeking graduate roles for 2024. Achieved 2:1 in my second year and on track for the same in my third year.

Education

University of Liverpool
BSc (Hons) Computer Science | Sept 2020 – June 2024 (Exp)
Relevant Coursework:
Data Structures & Algorithms, Object-Oriented Programming, Database Development, Principles of C and Memory Management, Advanced Object-Oriented C Languages, Computer Networks, Software Engineering I & II, App Development (iOS Swift)

Projects

Four Six: Pourover Coffee Timer App   **Swift**
-   Functional & well-designed iOS application – published to the App Store.
-   Built using SwiftUI in Xcode.

Personal Website - ade131.github.io   **HTML/CSS/Javascript**
-   Hand built responsive website to showcase my education and development projects.
-   Built using HTML/CSS and Javascript, hosted with Github Pages.

In addition, multiple large coursework projects including:
-   **Javascript Browser Game** where players control submarines and avoid enemies.   **Javascript**
-   **Wheel of Fortune** iOS application build using Swift & Storyboard in Xcode.   **Swift**
-   **Simulated printing press** using object-oriented principles.   J**ava**

Languages & Technologies

-   Java; Swift; Python; Javascript; C#; HTML/CSS; C; C++; Haskell; Assembly.
-   Visual Studio Code; JetBrains suite; MySQL; Xcode; Visual Studio; Git & Github.

Skills

-   Problem-Solving   -   Strong communication skills
-   Excellent computer skills   -   Quick learner
-   Personable, flexible & organised   -   Excels in a team environment

Work History

Scheduling Analyst // Aug 2019 - Sept 2021
United Utilities

Shift Supervisor // Apr 2018 – Aug 2019
Starbucks

Barista // Apr 2017 - Apr 2018
Starbucks
